Who You Help

To Benefit the Cancer Patient Assistance Fund

The Benedictine Health Foundation provides each patient in current treatment with $1000 in gift cards annually to purchase nutritious food at Hannaford Supermarkets and/or fuel at Stewart's Shops. If you know of a patient diagnosed with cancer in need, please contact us (845) 481-1371 or download an application and the Fund guidelines www.benedictinehealthfoundation.org/financial support

We invite you to Lend a Helping Hand! Your generous donation means the world to a patient diagnosed with cancer and their family. It allows them to focus on their physical and emotional well-being while receiving arduous treatment. Your investment will provide patients with a healthy meal. For some recipients, it is the first time they can afford to shop for and select nutritional food they love; an experience many of us take for granted each day.

You will help cover the cost of transportation so patients can access treatment for their cancer diagnosis; this can be a round-trip distance of over 100 miles a day for patients living in rural areas.

Your gift enables patients diagnosed with cancer to focus on their health, getting stronger and healing.

Please donate online today, www.benedictinehealthfoundation.org or mail your gift to: Benedictine Health Foundation, 144 Pine Street, Suite 220, Kingston, NY 12401. We are grateful to our community of donors for extending to us the privilege to help our neighbors, family, and friends through this difficult journey.

*"The **Cancer Patient Assistance Fund** helps many of my patients make it through the first two years of cancer treatment. Because of time lost from work and high out of pocket expenses for health care, patients need financial support during treatment. Without this fund, our patients might not go through with radiation and other treatments that allow them to live healthy cancer free lives!"* - Dr. Zoe Weinstein
